

# 2019 RNDS

**Thursday - Saturday, September 19 - 21, 2019**

Crowne Plaza, Columbus – Downtown, OH

The RNDS is a conference dedicated to the exchange of information about diagnosis, research, and treatment strategies of rare neuroimmune disorders. It also provides an opportunity to bring together individuals diagnosed with rare neuroimmune disorders, their families, caregivers, and the medical professionals who are specializing in these disorders. You will learn about acute disseminated encephalomyelitis (ADEM), acute flaccid myelitis (AFM), MOG antibody-associated disease (MOG-Ab disease), neuromyelitis optica spectrum disorder (NMOSD), optic neuritis (ON), and transverse myelitis (TM), receive updates on the latest clinical and research advances, and learn from each other.

## **About The TMA**

The TMA is a 501(c)(3) nonprofit disease advocacy organization, focused on rare neuroimmune disorders, including acute disseminated encephalomyelitis (ADEM), acute flaccid myelitis (AFM), MOG antibody-associated disease (MOG-Ab disease), neuromyelitis optica spectrum disorder (NMOSD), optic neuritis (ON), and transverse myelitis (TM). These disorders can affect children and adults at any age by causing inflammation of the spine, brain or optic nerve. The TMA provides support to individuals impacted by rare neuroimmune disorders through information resources, education programs, and a support group network, and funds novel research and the training of medical professionals.
